

25th March 2021

Testimonial

We have been using the services of Apac Reach & Indigo Leaf for over a year now. The working relationship has been excellent. Amy has done a large number of calls to potential clients. She has taken on-board the products and services that we offer and has been able to engage with a large number of potential clients, that have then turned into real business sales. She has worked professionally throughout and we have benefited from their flexible approach to when they have been available to us. I strongly recommend.

Kind regards,

Dominic XXXXX
